

St Peter's Players (Wolvercote)

 Tuesday 15th April 2020 

Dear St Peter's Players Supporter,

We hope this letter finds you well and you are coping well with the lockdown.

We were really sorry to have to postpone the Spring Show. We had all the publicity material printed and ready to send out; rehearsals were going well and the set was well on in construction.

I am enclosing a flyer for this production which will now be performed next year as our Spring production.

The new dates for 2021 are **14th to 17th April 2021**

We are, of course, unable to meet and rehearse together at present but we have decided to prepare for Supper Show whilst we are apart by finding monologues, duologues and perhaps sketches with more characters, that we can learn individually or perhaps together virtually by using an on-line form of contact.

From this we will put together a programme of 2 varied halves to sandwich the fish and chip supper we know so many of you really look forward to each year.

The dates for Supper Show are

Friday 10th and Saturday 11th July 2020.

Looking further ahead, the dates for the Christmas production are

Wednesday 2nd to Saturday 5th December 2020 when we hope to produce either a pantomime or musical play. No firm decision has been made about which panto or play we may do yet.

In 2021, beside the production of *Ghosts at the Grange* in April, Players hope to enter at least one play in 4 festivals across the Summer months from May to July. The locations of the festivals will take us across the county from Henley to Banbury, with a visit to Abingdon and Wallingford in between.

Support at one of these from our regular supporters would be most welcome and we will let you have more details about these nearer the time.

St Peter's Players send all our supporters our very best wishes during this unprecedented time and look forward to getting together for another fun evening very soon.

Keep well,
From all of us at St Peter's Players
